Tos American Consul General

From: Acting Treasury Representative in Charge

On Lorenber 7, 1958, here. Thesens called in reply to my earlier call to Feltrimalit's office. I told him that we had a letter from the Parcent of Customs taking us to obtain further information from Feltrimalit concerning his compright claim and to inform him as to the formalities necessary to register the claim properly. I told his that if Peltrimalities still interested in the question I could agrange an appointment with him to get this further information.

Carmich envising needed. He said that they had beard in the mention who it was who intended to publish a Russian edition in the United States, the University of Ichicare He said the University of Highlighte He said the University of Highlight had written to relighted in that they intended to publish a Russian edition and asking him on what basis he thought be held a universal copyright to the Russian Isaguage version of Postor Thirage. Tosone said that Feltrinelli had replied to the University of Highlesse, giving details about his soggister, on October 50.

Torone said also that the news emference gives by Feltrinelli and Meuton furnished erroneous information to the proces about the loca of the memberial which led to the piratical edition of 1,000 copies. He said that in the contract signed by Mouton and Feltrinelli, Mouton a compted full responsibility, agreed to pay damages, and agreed to pay for publication of a public acknowledgement of their responsibility for the piratical edition in the locating neverspaces of the world, including the New York Times, London Times, and Continue falls have been said by already had the text of the public acknowledgement of responsibility and the course of publication, and was at present in the course of having the statement translated into the various isonances.

Torone and that Peltrinelli would be in Kilan on Menday the 1886 and that both he and Peltrinelli would come to this office on either Menday or Theodoge
